Doggie Day Camp

Our Doggie Day Camp is a supervised environment where dogs play together off-leash. Like child daycare, Doggie Day Camp provides busy dog owners a place for their dog to exercise, play and socialize.

There are several benefits to Doggie Day Camp. Dogs are pack animals and day camp teaches them how to play with other dogs, increasing their socialization skills. Dogs burn up energy at day camp, which allows the owner to bring home a well-rested canine friend.

Doggie Day Camp also can help lessen behavioral issues in dogs and even ease the stress of new puppy ownership.

Your day will be worry and guilt free...your pet will love it and there will be no surprises at home!

At Halo House Animal Resort we believe quite strongly that it is just as important for the health and development of your dog to socialize with other dogs as it is for children. While at Halo House your dog will socialize with other dogs as well as our professional trained care givers.

We have created a clean, safe and engaging environment where your dogs will enjoy spending their day. Within our indoor and outdoor programs we provide constant supervision and play.
